

Save 20 minutes of time filling out paperwork at our office by **FAXING** your filled out paperwork to us at **(858) 755-8996** or emailing it to **luiza@safariandmd.com** prior to your appointment. This will allow us to process you into our system before your visitation and prepare us to take care of you in the best way possible! For more information, please visit our website at **www.safariandmd.com**

Welcome!

We are delighted that you have chosen our office to care for your dental needs. You have probably noticed that we are different from the average dental practice. When you visit our office you will find a unique, friendly, and relaxing environment. All of our treatment is designed to be painless, high quality, and to exceed all of your expectations. We use the most recent technology and techniques our industry has to offer. It is for these reasons that we always tag our dental practice as Exceptional Dentistry. Our greatest strength lies not in what you see, but in how you are treated. The services we can offer to you include:

- ❖ **COSMETIC DENTISTRY:** including tooth colored fillings, ZOOM tooth whitening, porcelain veneers & crowns, and EXTREME MAKEOVERS. We use the best materials and techniques available to get the best result.
- ❖ **IMPLANT DENTISTRY:** To help replace any missing teeth or stabilize loose dentures. Dental implants are becoming the new alternative option in tooth replacement.
- ❖ **TMJ TREATMENT:** Extensive training and technology is used to help you get rid of headaches, shoulder and neck pain, dizziness (Vertigo), pain and tenderness around the jaw and ear, sensitive teeth, worn down or broken teeth, sinus problems and snoring.
- ❖ **SLEEP APNEA TREATMENT:** Do you have Sleep Apnea? Do you snore? Does your partner complain that he or she cannot sleep? Ask us how we can help the both of you.
- ❖ **ORTHODONTICS for Adults and Children:** We can provide our patients with several options including; Invisalign, clear/tooth color brackets, metal brackets, and traditional braces. These options can be designed for each patient's individual needs in order to achieve optimum results.
- ❖ **GENERAL DENTISTRY:** these are the services a patient would expect to see in an average dental office such as; cleanings, fillings, crowns, root canal treatment, and extractions. We excel in this area and have a bias to providing **comfortable and predictable** services.
- ❖ **FULL MOUTH REHABILITATION:** There is nothing more rewarding than being able to function normally and also to look 15-20 years younger.

By filling out the enclosed questionnaire, we can find out what areas you are interested in. Ultimately, whatever treatment you receive is completely your choice. During the examination phase, we are here to show you what options are available.

And always remember: if you have **any questions** or **concerns** at all, please don't hesitate to bring it to our attention. We are here to take care of you.

Sincerely,

Shahin Safarian, DMD, MBA, LVIF

Dear Friend,

We understand that the first appointment to our office is very important for you. You may even be worried about finding the office on the day of your appointment. With that in mind, we have enclosed detailed directions to our practice.

We welcome you to our family of guests!

The Team at Dr. Safarian's Office

Directions to our office:

Irresistible Smiles
Dr. Shahin Safarian
4765 Carmel Mountain Rd, Suite 203
San Diego, CA 92130
Phone (858) 755-8993

❖ **Heading from the 15**

GENERAL DENTISTRY INFORMED CONSENT

Patient Name: _____

❖ *We understand that your initial visitation to our practice may not involve an examination, x-rays or prescription medications. We ask that you initial below to understand our policies and for future appointments that may involve these common procedures/treatments. We appreciate your cooperation.*

INITIALS

GENERAL CONSENT

I consent to the following treatment to be done periodically:

Exams X X-rays X Prophy (Cleaning) X Fluoride X Consultations X

INITIALS

DRUGS AND MEDICATION

I understand that antibiotics, analgesics and other medications can cause allergic reactions causing redness and swelling tissues, pain, itching, vomiting, and/or anaphylactic shock.

INITIALS

CHANGES IN TREATMENT PLAN

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examinations. For example, root canal therapy following routine restorative procedures. I give my permission to the Dentist to make any/all changes and additions as necessary.

INITIALS

FINANCIAL RESPONSIBILITY

As a courtesy to you, we will file and submit all insurance claims on your behalf. We request that you pay your estimated co-payment at the time of service. Please note that estimated insurance benefits are subject to actual payment by your insurance carrier and are NOT a guarantee of payment by your insurance plan. You are ultimately responsible for all fees associated with treatment. A service charge of 1.5% is applied on accounts past due 30 or more days.

INITIALS

CANCELLATION POLICY

If you are ever unable to make an appointment you have scheduled with us, please notify us at least 48 hours in advance. We would be glad to reschedule the appointment at a more convenient time for you. However, when an appointment is missed and/ or cancelled without a **48 HOUR NOTICE**, we reserve the right to charge you a **\$50.00 FEE** for each scheduled hour.

INITIALS

Photographic Release and Consent: I consent and authorize Irresistible Smiles to use my first name and/or photograph(s), video(s) and/or any other multimedia format as may be necessary for advertising, trade, or any other lawful purpose and I release and forever discharge Irresistible Smiles from any claim, demands, or liability on account of such use for any reason.

I understand that dentistry is not an exact science and that therefore, reputable practitioners cannot properly guarantee results. I acknowledge that no guarantee or assurance has been made by anyone regarding the dental treatment, which I have requested and authorized. I understand that no other Dentist is responsible for my dental treatment.

I understand that this is only an estimate and subject to modification depending on unforeseen or undiagnosed circumstances that may arise during the course of treatment. I understand that regardless of any dental insurance coverage I may have, I am responsible for payment of dental fees. I agree to pay any attorney's fees, collection fees, or court costs that may be incurred to satisfy this obligation, as well as attorney's fees and costs incurred by the dentist if I unsuccessfully assert a claim against any dentists for treatment I received in this office.

HIPAA CALIFORNIA NOTICE FORM

This notice describes how medical and dental information about you may be used and disclosed, and how you can have access to this information.

1. Disclosures for treatment, payment, and healthcare operation:

We may use or disclose your protected health information (PHI), for certain treatment, payment, and healthcare operation purposes without your authorization, In certain circumstances we can do so when the person or business requesting you PHI gives us a written request that includes certain promises regarding protecting the confidentiality of your PHI. To help clarify these terms, here are some definitions:

- “PHI” refers to information in your health record that could identify you.
- “Treatment and Payment Operations”
- “Treatment” is when we or another healthcare provider diagnose or treat you. An example of treatment would be when we consult with another health care provider such as your physician or another dentist, regarding your treatment.
- “Payment” is when we obtain reimbursement for our service. An example of payment is when we disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine your eligibility or coverage.
- “Health Care Operation” is when we disclose you PHI to your health care service plan, (for example, your health insurer), or your other health care providers, contracting with your plan, for administering the plan, such as management and care coordination.
- “Use” applies only to activities within our office, such as sharing, employing, applying, utilizing, examining and analyzing information that identifies you.
- “Disclosure” applies to activities outside out office, such as releasing, transferring, or providing access to information about you to other parties.
- “Authorization” means written permission for specific use or disclosure.

2. Use and Disclosures Requiring Authorization:

We may use your PHI for purposes outside treatment, payment, and health care operation, when your appropriate authorization is obtained. In those instances, when we are asked for information for purposes outside treatment, payment, and health care operation, we will request your authorization prior to forwarding your PHI to them.

3. Health Oversight:

If a complaint is filed against us with the California Dental Board, the Board has the authority to subpoena your PHI and dental record relevant to the complaint.

4. Judicial or Administrative Proceedings:

If you are involved in a court proceeding and a request is made about the professional services that we have provided to you, we will not release your information without:

- a. Your written authorization or authorization of your attorney or personal representative.
- b. Court order.
- c. A subpoena duces tecum (a subpoena to produce records). When a party seeking records provides our office with a showing that you or your attorney have been served a copy of the subpoena, affidavit and the appropriate notice, and you have not notified us that you are bringing a motion in the court to quash (block) or modify the subpoena. The privilege does not apply when you are being evaluated for a third party or when the evaluation is court ordered. We will inform you in advance if this is the case.

5. Workers Compensation:

If you file a workers’ compensation claim, we must furnish a report to your employer, incorporating our findings about your injury and treatment, within five days from the date of your initial examination, and at subsequent intervals as may be required by the administrative director of the Workers Compensation Commission, in order to determine your eligibility for workers compensation.

I hereby authorize the use or disclosure of my protected health information as described below. I understand and acknowledge the following:

- I am authorizing my protected health information to be used or disclosed as permitted by Federal Privacy Regulation.
- I may inspect or receive a copy of my personal health information.
- My Doctor will not condition my treatment or payment for my treatment on obtaining this authorization form me.
- I have the right to revoke this authorization at any time. My revocation must be in writing and submitted to my doctor. My revocation will not affect any prior action taken by my doctor on reliance on my authorization.

Informed Consent for ZOOM!TM Teeth Whitening Treatment

Description of the Procedure

In office whitening is a procedure designed to lighten the color of your teeth (also known as “bleaching”) by using a combination of a hydrogen peroxide gel and specially designed ultraviolet lamp. The Zoom! treatment involves using the gel and lamp in conjunction with each other to produce maximum whitening results in the shortest possible time. During the procedure, the whitening gel will be applied to your teeth and your teeth will be exposed to the light from the Zoom! lamp for three, 15 minute sessions. During the entire treatment, a plastic retractor will be placed in your mouth to help keep it open and the soft tissues of your mouth (i.e. lips, gums, cheeks, and tongue) will be covered to ensure they are not exposed to either the gel or light. Our office follows comprehensive protective and precautionary measures and directions for use supplied by the light manufacturer. Lip balm may also be applied as needed and you will be provided an ultraviolet light filter for your eyes.

Who are the best candidates for whitening?

Almost anyone is a candidate for whitening. Experience shows that people with dark yellow or yellowish-brown teeth sometimes achieve better whitening results than those with gray or bluish-gray teeth. Multi-colored teeth, especially if stained due to tetracycline, do not whiten as well. In addition, teeth with many fillings, cavities, chips, etc., are usually best treated through bonding, porcelain veneers, or porcelain crowns. For optimum results it is best to have a recent cleaning.

Zoom! is not recommended for pregnant or lactating women, light sensitive individuals, patients receiving PUVA (Psoralen + UVA radiation) or other photochemotherapeutic drugs or treatment, as well as patients with melanoma, diabetes or heart conditions.

Significant lightening can be achieved in the majority of cases, however, particular **RESULTS CANNOT BE GUARANTEED**. Whitening, like any other procedure, has some inherent risks and limitations. Although these risks are seldom serious enough to discourage one from having his or her teeth whitened, they should be taken into consideration when deciding whether to have the procedure performed. There are many variables that can affect the outcome of the procedure, such as the type of discoloration that affects your teeth, the degree to which you follow our instructions, the overall condition of your teeth, and your daily homecare.

Potential Problems-some of the potential complications of this treatment include, but are not limited to:

- **Tooth Sensitivity** During the first 24 hours following whitening many patients experience sensitivity. This sensitivity is usually mild unless your teeth are normally sensitive. However, if your teeth are normally sensitive, whitening may make your teeth much more sensitive for an extended period of time. Under these circumstances, you may choose to delay whitening until we are able to complete desensitization procedures. If your teeth are sensitive after whitening, a mild analgesic such as Tylenol or Advil will usually be effective to make you more comfortable until your teeth return to normal.
- **Gum/Lip/Cheek Irritation** Whitening may cause temporary inflammation of your gums, lips or cheek margins. This is due to inadvertent exposure of a small area of those tissues to the whitening gel or the ultraviolet light. The inflammation is usually temporary which will subside in a few days.
- **Leaking Fillings or Cavities** Most whitening is indicated for the outside of the teeth (unless you already had a root canal). However, if you have any cavities or fillings that are leaking and the gel gets inside of the teeth, damage to the nerves of the tooth and pain could result. All cavities should be filled before whitening. Feel free to schedule an exam prior to your appointment, you can also choose to have your fillings replaced so that they will match your newly whitened teeth.
- **Cervical Abrasion/Erosion** These are conditions which affect the roots of the teeth when gums recede. They are grooves, notches and/or depressions where the teeth meet the gums that generally look darker than the rest of the teeth. They look darker because there is no enamel in these areas. Even if these areas are not sensitive, the whitening gel can potentially penetrate the teeth and damage the nerves. These areas should not be whitened and should be filled after the whitening of other areas is complete.
- **Root Resorption** This is a condition where the root of a tooth starts to dissolve either from the inside or outside. Although the cause of this is still uncertain, studies have shown that its incident is higher in teeth that have had a root canal and are then whitened.
- **Effects on Fillings** Open cavities or badly leaking fillings should be refilled prior to whitening, take-home whitening can cause tooth-colored fillings to become softer and may make them more susceptible to staining. Therefore, you should be prepared to have any fillings in your front teeth replaced after whitening.

POST WHITENING CARE INSTRUCTIONS

For the next **72 HOURS**, **avoid dark staining substances**. **EXAMPLES** of this are:

- | | | | |
|---------------------|--------------------|--------------|-------------------------------------|
| 1. Coffee/tea | 3. Mustard/ketchup | 5. Red wine | 7. Red and any other darker berries |
| 2. Tobacco products | 4. Dark sodas | 6. Soy sauce | 8. Tomato and any other red sauces |

To avoid dryness or chapping of the lips or cheek margins, apply lip balm, petroleum jelly or Vitamin E cream. Should you experience any sensitivity you are welcome to take any type of over-the-counter pain relievers such as Advil, Motrin or Extra-strength Tylenol.

Additional ways to maintain your sparkling Zoom!TM smile:

- Avoid staining related habits, if it will stain your clothes it will stain your teeth!
- Continue practicing good daily oral hygiene, including thorough tooth brushing with an automatic Rotadent toothbrush, flossing, and tongue cleaning. Our staff will assist you in setting regular hygiene appointments and educate you in selecting products to maintain not only a whiter brighter smile, but also a healthy IRRESISTIBLE SMILE!

PHOTO-REACTIVE DRUG INFORMATION

The following medications are commonly considered to be photo reactive and may cause an adverse condition if used in conjunction with the Zoom System. If you are currently taking any of these medications, please consult with your physician before going through the Zoom procedure. To check photo reactive properties of any medications not listed below, please contact your Physician and/or consult the most recent edition of the Physician's drug Reference (PDR).

Generic name	Trade Name	Generic name	Trade Name
Chlorthiazide	Aldoctor, Diupres, Diuril	Ciprofloxacin	Cipro
Hydrochlorothiazide	Aldacteride, Aldoril, Capozide, Dyazide, Hydrodiuril, Lopressor, Orotic, Moduretic	Ofloxacin	Floxin

Piroxicam	Feldene	St. John's Wart	
Doxycycline	Vibramycin, Doryx	Isotretinoin	Accutane
		Tretinoin	Retin A

Patient Acknowledgement

There is no reliable way to predict how light your teeth will whiten or your individual level of sensitivity. With in-office whitening, one or two sessions are usually necessary to significantly whiten your teeth. It is natural for the teeth to regress somewhat in their shading, its natural and gradual pending on their exposure to various staining agents.

By signing this informed consent I am stating that I have read the entire informed consent and I fully understand the entire document and the possible risks, complications and benefits that can result from the Zoom! treatment and that I agree to undergo the treatment. I also acknowledge that I do not currently take any of these prescribed medications.

I am interested in learning more about the Zoom! Whitening Take Home Kit and the Rotadent Electric Toothbrush in order to help me maintain my whitening results. YES _____ NO _____
